

Registration Process

The KYC (Know Your Client)/ Registration process is your first step towards investing in financial instruments. If you want to invest in the Bond Market through us, you shall have to submit the undermentioned documents through your registered email-id.

- a. Scan copy of Application Form duly filled and sign
- b. Scan copy Self-certified copy of PAN
- c. Scan copy Self-certified copy of the Address Proof (Passport, Driving License, Aadhar Card etc.)
- d. Scan copy Self-certified copy of the Cancelled Cheque
- e. Scan copy Self-certified copy of Demat Statement / Client Master

Once you submit all the documents, our operations team will shall verify the aforesaid documents and in case of any discrepancy they shall get in touch with you and shall request you to remediate the same. Once your registration documents are in order, we shall intimate the same to you and you shall then be able to invest / sell Bonds through us.

As any transaction in the Bond Market has to be reported and settled to the Clearing Corporation, we shall be registering your KYC with the Clearing Corporations.

Registration/ Account opening process is a one-day process if all the requisite documents are submitted by you correctly.

Investors can use their existing bank and demat account/s for investing in bonds. If any investor doesn't have a demat account, then based on their request Oxyzen Buddy team will help them in opening a demat account.

Note: You can register maximum upto 5 Bank account/s and Demat account/s register with Clearing Corporation. The Investor will have to select and inform 1 Bank and 1 Demat account as their Default Bank / Demat accounts. Investor, at the time of doing transaction with the Counter Party (Registered Participants) they will have to inform from which Bank / Demat account they want to fulfill their Pay-in obligations (as the case may be) and in which Bank / Demat account they want to receive their Pay-out obligations (as the case may be).
